

4 days.

27 committees.

50 nations represented.

200 dedicated Harvard staffers.

3,000 like-minded college students.

Endless hope and possibility.

Welcome to

# The Conference

For 57 years, Harvard National Model United Nations has been the forum for the brightest young minds from all over the world to tackle real world issues. Our philosophy is that tomorrow's problems are best solved by immersing the next generation of leaders in their future roles, today.

The Harvard National Model United Nations conference sets the gold standard among Model UN conferences. From committee topics to the keynote speaker to social events, the staff works tirelessly to ensure that the 4 days of conference are the experience of a lifetime.

The delegates who attend HNMUN are bright, motivated, truly the cream of the crop - future leaders in:

- Government
- Consulting
- Public service
- Engineering
- Non-profits
- Finance

# Sponsorship

Our goal is to foster the development of the leaders of tomorrow. We would be honored if your organization is willing to assist in that mission. Harvard National Model United Nations is a Non-Governmental Organization recognized by the United Nations and a 501(c)3 non-profit organization.

## **Special Opportunity: Sponsor the Haitian National Delegation**

As part of a new initiative, Harvard National Model United Nations is working to bring delegations from disadvantaged backgrounds to the conference.

We are currently working with a Haitian national delegation, with representatives from various Haitian universities, and are looking for a sponsor to cover their expenses.

Their presence at the conference will enrich the experience of all delegates and speak volumes about the organization that made their HNMUN dream a reality.

By sponsoring HNMUN, you are sponsoring:

- The most prestigious Model UN conference in the world
- The dreams of countless delegates from across the globe
- A commitment to the leaders and thinkers of tomorrow

**Our conference can give you access to thousands of top students from around the world and hundreds of Harvard students through various means:**

- **Conference Handbook:** a booklet with vital conference information distributed to every participant and staff member
- **The Delegate:** each delegate's definitive guide to dining, entertainment and shopping in the area.
- **Career Fair:** a half day dedicated to matching delegates with organizations they may be interested in.

*Please contact Ferris Zhang, Under-Secretary-General of Business, at [business@hnmun.org](mailto:business@hnmun.org) if you have any questions or would be interested in sponsoring Harvard National Model United Nations 2011.*
